Dear Partner in Ministry,

It's almost time...we've entered the Fall season which brings us to our *Fall Vision & Capital Campaign*. This is one of two campaigns that we have started conducting annually to help supplement and support our building fund, outreaches, ministry programs, and services. The other campaign takes place in the Spring.

As you probably already know, much of the church body throughout the world does not hold to a strong commitment of tithing which consists of giving 10% of their annual income to support the work of the ministry and advancement of God's Kingdom plan in the earth. This is not just specific to our own local church but to the body of Christ at large. It has been statistically proven that if the majority of the members of a local church assembly would tithe, the church vision and needs would not lack for anything, and the extra giving campaigns would not be needed. Unfortunately, this is not the case. The good news is, those of us who believe in the principles associated with tithing and giving in general, reap the blessings and benefits associated with sowing into Kingdom causes. We truly believe that you can't beat God giving!

At this point, we are believing God for everything we need to complete the necessary renovations for our building occupancy approval! Our *Fall Vision & Capital Campaign* is this Sunday, November 6, 2022. We are standing in faith for a minimum of \$10,000 to come in. This is above and beyond our regular tithes and offerings and it will help us complete our *Phase 1* building renovations which *play an intricate part in us obtaining our occupancy during our inspection next week*. **As of today's date, we are already at \$4,000 in commitments. Will you help us reach our goal of \$10,000?**

We have set up some special tiers of giving for you to partner with us in our endeavors. The categories are:
